

# 5th International Peptide Symposium

in conjunction with  
47th Japanese Peptide Symposium

December 4-9, 2010  
Kyoto International Conference Center Kyoto, Japan

## Request for Donations

Dear Sir/Madam,

It is a great pleasure and honor to host the Fifth International Peptide Symposium (5th IPS) in Kyoto, Japan, from December 4th to 9th, 2010. The conference is organized under the auspices of the Liaison Committee of International Peptide Societies: American Peptide Society, Australian Peptide Association, Chinese Peptide Community, European Peptide Society, Indian Peptide Society, Korean Peptide Protein Society and Japanese Peptide Society. The 5th IPS is a cooperation of numerous academic societies in Japan, and is supported by the Ministry of Education, Culture, and Sports, Science and Technology (MEXT) of Japan.

Peptides are most promising materials. Many peptide pharmaceuticals are now being developed – some of which are highly expected to be “blockbusters” in the near future. Moreover, in agriculture, engineering, ecology, and other numerous fields, peptide research plays a pioneering role. Covering a wide spectrum of topics related to peptide sciences, the 5th IPS will attract more participants from academia and industry than any past IPS events. We are expecting more than 1,000 participants and 40 sponsors/exhibitors from around the world.

We are very pleased to announce that two Nobel Prize laureates, Prof. Ada Yonath and Prof. Kurt Wüthrich, are confirmed to attend the 5th IPS as special guest speakers. We are also delighted that many distinguished scientists have confirmed to join us as invited speakers. Please visit our website ([www.5ips.jp](http://www.5ips.jp)) for an updated list of invited speakers.

We sincerely ask you to consider donating to the 5th IPS. Your donation ensures a great success for the Symposium, and also contributes to the development of peptide sciences. Donators are acknowledged in the “Program & Abstract” book and on the Symposium website.

Thank you very much for considering our request. Please visit our website for more information: [www.5ips.jp](http://www.5ips.jp). Should you have any question, please feel free to contact the Symposium Secretariat.

Sincerely,

Yoshiaki Kiso, Chair

5th International Peptide Symposium

# GREETINGS

It is a great pleasure and honor to host the Fifth International Peptide Symposium (5th IPS), in conjunction with the Forty-Seventh Japanese Peptide Symposium, to be held in Kyoto, Japan from December 4th to 9th, 2010. The conference is organized under the auspices of the Liaison Committee of international peptide societies, and hosted by the Japanese Peptide Society.

The Symposium will cover the wide spectrum of topics related to peptide sciences. Internationally distinguished speakers will be invited to present results of their innovative research.

The history of the International Peptide Symposium (IPS) goes back to 1997, when its first conference was held in Kyoto. The 2nd IPS was held in San Diego, U.S.A. (2001), followed by the 3rd IPS in Prague, Czech (2004), and the 4th IPS in Cairns, Australia (2007). This will be the second time for the IPS to be held in Kyoto.

The Organizing Committee would like to encourage national and international companies such as yours to sponsor a range of activities, thus providing maximum opportunities for promotion of your company, its products and services to the leading international experts from the peptide field.

Several levels of sponsorship, with the benefits accorded to each, are available for your consideration, on a first-come-first-served basis. For more information and to discuss these opportunities further, please contact the Secretariat at the following contact information.

We look forward to seeing you at the 5th IPS.
